

Updated Patient and Visitor Guidelines

To ensure a safe environment for Specialty Infusion patients and visitors amid the outbreak of COVID-19 in New York, we have updated our patient and visitor policies for all of our locations.

While Specialty Infusion understands that family members and visitors play an important role in battling chronic illness, our new policies aim to balance the needs of patients with mitigating exposure risk.

Effective immediately, patients may not bring guests to appointments. The following exceptions will allow for one guest:

- **Pediatric patients (<18 years)**
- **Patients who require mobility assistance**

We appreciate your precaution and understanding during this time. We will continue to provide further updates as the situation evolves. If you have any questions or concerns regarding this new policy, please don't

hesitate to call or text us at 212-776-9090 or email us at info@specialtyinfusion.com.
